Compak Business Continuity Plan Disclosure

Recognizing how important it is to you that we make every effort to keep the unexpected from interfering with our operations, we have developed a series of contingency and disaster recovery plans. These plans provide detailed, pre-tested procedures for dealing with events such as fires, power outages, evacuations, severe weather, destructive acts, and other circumstances that could disrupt business continuity.

The plans have three goals:

1. To prevent events and impacts that are within our control
2. To ensure the continued operation of all aspects of our business and services in any circumstances, to the extent possible.
3. To speed the resumption of any disrupted business activities and the recovery of any lost data as quickly as reasonably possible with minimal interruption, depending on the nature and extent of the business disruption

Based on an enterprise-wide review of financial and operational risks, we have put in place contingency and disaster recovery plans that include these major elements:

- Backup and recovery technologies for all mission-critical systems
- Alternate customer communications systems, including rerouting of critical hotline numbers
- Alternate physical site locations and temporary housing for essential personnel
- Access contingencies for technology and telecom systems
- Procedures for notifying customers in the event of a service disruption, including information on length of the disruption and instructions for contacting Compak, and support information

Most types of service disruptions should not affect your access to your account or your ability to withdraw available funds. However, your ability to trade securities may be affected by events beyond our control.

Our contingency and disaster recovery plans are reviewed and updated regularly to ensure that they allow for changes in technology, business operations, regulations, and physical facilities. This notice will be updated any time there are material changes. For a current copy of this notice, go to www.compak.com or contact a Compak representative.
